In order to run an event such as this, we will require a large number of volunteers. There are two options available for volunteering – individually or as a family.

Please select one or both:

_____ FAMILY: We are asking families to sign up for 2 hours shifts at the beer gardens/skating rink. Each family is expected to have a minimum of six workers (if more, please indicate how many). Some shifts may require more workers. Ex. The John Doe Family has volunteered for the 4:00 pm Saturday shift. The Doe's are now responsible to ensure they have workers in place for that time.

Number of Workers Available: _____

Preferred Time: _____

_____ INDIVIDUAL: There are many events that will need volunteers. Please indicate where and when you would prefer to help:
