

# November Newsletter

Volume 2013 Issue 3

November 1, 2013

## New Office Hours

Please be advised that beginning NOVEMBER 1, 2013, the Office hours for the Village of Canwood will be CHANGING.

Office Hours will be as follows:

**Monday, Tuesday, Wednesday and Thursday from 9:00 a.m. to 3:00 p.m. (open during lunch).**

As before, if you require emergency service outside of these hours, please contact Dean at (306) 468-7666 or Lisa at (306) 468-7465.

On another note – residents are also welcome to email the Village with their concerns or questions as well.

Our email address is [canwood.town@sasktel.net](mailto:canwood.town@sasktel.net)

## Garbage & Recycling

Just a reminder to all residents that garbage will only be picked up if it is bagged. Also, items such as cardboard, paper, plastic jugs will not be picked up at the curb. It is the residents responsibility to put these items in the recycle bins located at the corner of Main Street and 2<sup>nd</sup> Avenue. For a full listing of what can be placed in the recycle bins, please contact the Village Office.

## INSIDE THIS ISSUE

- 1 Office Hours, Garbage and Recycling
- 1 Reminder for Snowbirds, New Website
- 1 Water & Sewer Line Policy
- 2 Complaint Forms/Water Less Often
- 2 Pet Owner's Responsibilities/Grass Cutting/Reminder

## Reminder for Snowbirds

Unfortunately the winter season will be upon us shortly, let's hope for a shorter one than we had last year!

Just a reminder to residents that may be heading to warmer climates for the winter, it is the home owner's responsibility to ensure that their water and sewer lines do not freeze while they are away. Please have whoever is checking your residence also check your water as well!

## New Website

The new website for the Village of Canwood is now up and running. It is getting more complete every day, however, it can only stay current if we have information to post on it. Therefore, we ask that any clubs or organizations that are putting on events to PLEASE forward the information to the Village so it can be posted on the website.

You can check it out at [www.canwood.ca](http://www.canwood.ca).

Submissions for the website can be brought into the office or emailed to [canwood.town@sasktel.net](mailto:canwood.town@sasktel.net).

Also, if anyone has any pictures that are of high resolution, please email them to the Village as well.

# VILLAGE OF CANWOOD POLICY REGARDING RESIDENTIAL WATER AND SEWER SERVICE LINES

(i.e. Lines from Main to Residence)

The Council for the Village of Canwood sets the following policy on residential water and sewer service lines (i.e. lines from main to house):

**In regards to sewer service lines:** The owner is responsible for the installation of such lines from the main to the residence. The owner is also responsible for any repair to any sewer service line – i.e. blockages, breakage, collapses. The Village is only responsible for the main sewer line.

**In regards to Water Lines:** The owner is responsible for the installation of such lines from the main to the residence. The Village will provide the curb stop that is required to be installed at the edge of the property. After installation, the Village will assume responsibility for the line from the main line to the edge of the property. The resident will be responsible from the edge of the property to the residence.

Other:

- The contractor doing the work must be approved by the Village of Canwood, and/or can be arranged by the Village of Canwood.
- The contractor must bill the Village of Canwood for the work done and the Village will then bill the resident.
- The repair must be okayed by the Village Maintenance Foremen before it is back filled.
- If required, Village Maintenance Foreman will be available for assistance at no extra cost to the resident.
- The Village will provide all the material for the backfilling of the trench and for any repairs to refinishing the street and any repairs to sidewalks.

## Steps to Take if You are having Sewer Issues

Step 1 – Attempt to clear the line yourself or contact plumber. (The Village has a sewer tape which may be used by residents).

Step 2 – Contact Roto-Rooter to clear line.

Step 3 – If Roto-Rooter establishes that there is a problem with the line, contact the Village Office and we can advise you of what the next steps will be.

## The Village of Canwood would like to extend A BIG

To the Senior's Group for their purchase of the planters and garbage cans that were put around the Village. Also, for planting and looking after the flowers, and, decorating the planters for the winter season. It is a great improvement to our main street.

## Outstanding Water & Sewer Bills at Year End

Please be advised that effective December 31, 2013, any water and sewer accounts that are past due by over 60 days will see that past due amount be added to their tax roll. If you need more information regarding this, please contact the Village Office.
