Management's Responsibility

To the Ratepayers,
Village of Canwood:

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

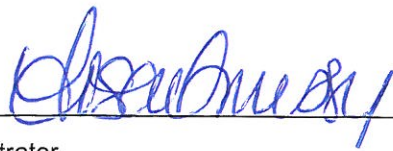

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded, and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Council is composed of elected officials who are not employees of the municipality. Council is responsible for overseeing management in the performance of its financial reporting responsibilities. Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with the external auditor. Council is also responsible for the appointment of the municipality's auditor.

C.S. Skrupski Certified General Accountant Professional Corporation, an independent Certified General Accountant firm, is appointed by Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditor has full and free access to, and meets periodically and separately with, both Council and management to discuss its audit findings.

INDEPENDENT AUDITOR'S REPORT

Mayor and Members of Council,
Village of Canwood:

I have audited the accompanying consolidated financial statements of the Village of Canwood, which are comprised of the consolidated statement of financial position as at December 31, 2013, and the consolidated statements of operations, change in net financial assets, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these consolidated financial statements based on my audit. I conducted my audit in accordance with Canadian auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the municipality's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Village of Canwood as at December 31, 2013, and the results of its operations and cash flow for the year then ended in accordance with Canadian public sector accounting standards.

Village of Canwood
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013

1. Significant Accounting Policies

The consolidated financial statements of the municipality are prepared by management in accordance with the local government accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies are as follows:

Basis of Accounting: The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

- a) **Reporting Entity:** The financial statements consolidate the assets, liabilities, and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to Council for the administration of their financial affairs and resources. Entities included in these financial statements are as follows:

Entity
Highway 55 Waste Management Corporation - 20% interest

All inter-organizational transactions and balances have been eliminated.

- b) **Collection of Funds for Other Authorities:** Collection of funds by the municipality for the school division authorities are collected and remitted in accordance with relevant legislation. The amounts collected are disclosed in Note 3.
- c) **Government Transfers:** Government transfers are recognized as either expenditures or revenues in the period that the events giving rise to the transfer occurred, as long as:
- a) the transfer is authorized;
 - b) eligibility criteria have been met by the recipient; and
 - c) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received but not earned will be recorded as deferred revenue. Earned government transfer amounts not received will be recorded as an amount receivable.

- d) **Deferred Revenue - Fees and charges:** Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- e) **Local Improvement Charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- f) **Net Financial Assets:** Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- g) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the municipality because they can be used to provide municipal services in future periods. These assets do not normally provide resources to discharge the liabilities of the municipality unless they are sold.
- h) **Appropriated Reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described in Schedule 8.
- i) **Investments:** Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment.

Village of Canwood
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013

1. Significant Accounting Policies - continued

- j) **Inventories:** Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials, and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- k) **Tangible Capital Assets:** All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The tangible capital assets that are recognized at a nominal value are disclosed in Schedule 6. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The municipality's tangible capital assets' useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
General Assets	
Land	Indefinite
Land Improvements	5 to 20 Yrs
Buildings	10 to 50 Yrs
Vehicles & Equipment	
Vehicles	5 to 10 Yrs
Machinery and Equipment	5 to 10 Yrs
Infrastructure Assets	
Infrastructure Assets	30 to 75 Yrs
Water & Sewer	30 to 75 Yrs
Road Network Assets	30 to 75 Yrs

Government Contributions: Government contributions for the acquisition of tangible capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art: Assets that have a historical or cultural significance, which include works of art, monuments, and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of Interest: The municipality capitalizes interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded in the financial statements as either a capital or operating lease. Any lease that transfers the majority of benefits and risk associated with the leased asset is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on the straight-line basis, over their estimated useful lives (lease term). Any lease not meeting the aforementioned criteria is classified as an operating lease, and lease payments are expensed as incurred.

- l) **Landfill Liability:** The municipality does not own a landfill, however, it is a member of Highway 55 Waste Management Corporation. Highway 55 Waste Management Corporation is in the process of determining accrued landfill closure costs.
- m) **Trust Funds:** Funds held in trust for others are neither included in the municipality's assets or equity. They are disclosed in Note 16.
- n) **Employee benefit plans:** Contributions to the municipality's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

**Village of Canwood
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013**

1. Significant Accounting Policies - continued

o) **Measurement Uncertainty:** The preparation of financial statements in conformity with public sector accounting standards require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality. The 'Opening Asset Costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

p) **Basis of Segmentation/Segment Reporting:** The municipality has adopted the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives, by function. Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments and functions are as follows:

General Government: The general government segment provides for the administration of the municipality.

Protective Services: The protective services segment is comprised of expenses for police and fire protection.

Transportation Services: The transportation services segment is responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: The planning and development segment provides for neighbourhood development and sustainability.

Recreation and Culture: The recreation and culture segment provides for community services through the provision of recreation and leisure services.

Utility Services: The utility services segment provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

2. Cash and Temporary Investments

	2013	2012
Cash	149,603	115,636
Temporary Investments	-	-
Total Cash and Temporary Investments	149,603	115,636

Cash and temporary investments include balances with banks, term deposits, marketable securities, and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Total Deferred Revenue	<u>16,723</u>	<u>22,140</u>

9. Accrued Landfill Costs

	<u>2013</u>	<u>2012</u>
Environmental liabilities	-	-

The municipality does not own a landfill, however, it is a member of Highway 55 Waste Management Corporation. Highway 55 Waste Management Corporation is in the process of determining accrued landfill closure costs.

**Village of Canwood
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013**

10. Long-term Debt

The debt limit of the municipality is \$480,174. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the Municipalities Act section 161).

The municipality's proportionate share of Highway 55 Waste Management Corporation bank loan is repayable on demand to Debden Credit Union, with a variable interest rate.

Future principal repayments are estimated as follows:

Year	Principal	Interest	Current Total	Prior Year
2014	24,128	1,146	25,274	
2015	-	-	-	
2016	-	-	-	
2017	-	-	-	
2018	-	-	-	
	-	-	-	
Balance	24,128	1,146	25,274	20,128

The municipality's proportionate share of Highway 55 Waste Management Corporation bank loan is repayable to Debden Credit Union in annual payments of \$4,828 including interest at 4.75 %. The loan matures in 2015.

Future principal repayments are estimated as follows:

Year	Principal	Interest	Current Total	Prior Year
2014	4,382	446	4,828	
2015	4,898	235	5,133

Balance	5,013	168	5,181	8,141

**Village of Canwood
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013**

10. Long-term Debt - continued

Bank loan is repayable to Debden Credit Union in semi-annual payments of \$1,759 including interest at 4.75 %. The loan matures in 2013.

Future principal repayments are estimated as follows:

Year	Principal	Interest	Current Total	Prior Year
2014	-	-	-	
2015	-	-	-	
2016	-	-	-	
2017	-	-	-	
2018	-	-	-	
	-	-	-	
Balance	-	-	-	1,698

11. Lease Obligations

The municipality has no lease obligations.

12. Other Non-financial Assets

The municipality has no other non-financial assets.

2013	2012
-	-

13. Contingent Liabilities

The municipality has no contingent liabilities.

14. Pension Plan

The Village of Canwood is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The Village of Canwood pension expense in 2013 was \$14,889. The benefits accrued to the Village of Canwood employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

15. Comparative Figures

No comparative figures have been restated.

16. Trusts Administered by the Municipality

The municipality does not administer any trusts.

17. Budget Figures

The 2013 budget figures are provided for informative purposes only and were not covered by the scope of the external audit.
