## RECYCLE UPDATE:

Highway 55 Waste Management prides itself on its dedication to the environment through responsible recycling. The contents of your recycle bins are brought to our recycle shed where it is baled, and then shipped on to a recycling plant where it's separated, recycled, and repurposed.

Unfortunately, due to high amounts of garbage contaminating our recycling we're having to make some changes. Going forward any bagged recycling must be in **CLEAR PLASTIC BAGS**. Any recycling we receive in black or coloured bags, where the contents aren't visible will be moved directly into the Landfill Pit.

We appreciate your ongoing commitment to keeping recyclables out of our landfill.

**Check us out online for a detailed list of accepted waste & recycling:**

Our co-mingled recycling bins are located at the corner of Main Street and 2<sup>nd</sup> Avenue. Please use responsibly!
