Digging In The Dirt

This spring, Canwood Seniors #80 will be partnering with Mr. Korody and his Grade 5/6 Science class in a special project called "Digging in the Dirt". The students will be discussing and learning about different types of plants and flowers and learning about their care from the seniors. This collaborative approach of learning and working together will be very beneficial to the students and community. The main objective upon completion is to have several "Flower Planters" set out around town to beautify our community. Watch for more information to come! Special thanks to the Seniors Club for including us in this initiative!

Water Quality Report

Please be advised that the Drinking Water Quality and Compliance Report for 2012 is now available for your viewing at the Canwood Village Office during regular office hours.

Spring Has Sprung!!

Or has it? The question on everyone's mind these days seems to be "Will this snow ever melt?" We sure hope so! The Village is still taking precautions and is ready for any flood conditions that may arise from the run-off. We hope that with all the precautions the Village and Residents have taken that everyone enjoys a safe and trouble free melting season!

Canwood Volunteer Firefighters Fundraising Barbeque Mon May 6, 11:30am – 1:00pm

Emergency Preparedness Week

INSIDE THIS ISSUE

- 1** Digging in The Dirt/Water Quality Report
- 1** Spring Has Sprung
- 1** Canwood Volunteer Firefighters BBQ
- 2** Pet Licensing/Emergency Preparedness Week
- 2** Website

Pet Licensing

As with everyone when the weather gets nice, pets have the desire to wander during the spring. Please be reminded that the Village of Canwood does have a pet licensing bylaw in place and any animal running at large could be picked up if the problem persists.

Pet owners are asked to be responsible and ensure your pets are on leashes or in a fenced area. Also, please remember it is your responsibility to pick up after your pet when out of your property

Emergency Preparedness Week – May 5 to 11, 2013

“72 Hours – Are you Prepared?”

As we have all heard time and time again, individuals **MUST** be prepared in the event of an emergency to be responsible for their households/family for 72 HOURS. This means having adequate supplies on hand (drinking water, dry/canned food, etc) to sustain for a three day period.

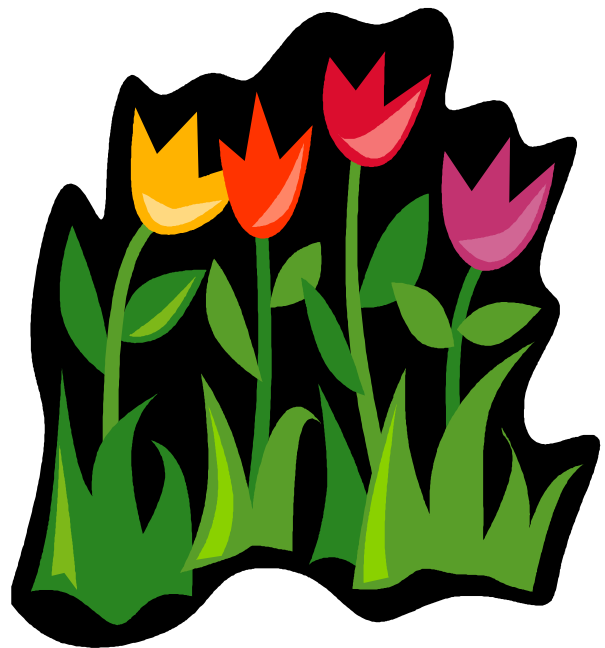

There is a publication available to assist you in getting your emergency preparedness kit ready and a plan in place for an emergency titled “Your Emergency Preparedness Guide”. The Village has ordered copies of this that will be available at the office or you can visit the website www.getprepared.ca for more information.

Website

The Village of Canwood has recently started development on a new Website for the Village of Canwood. We are hoping that this new site will not only help keep our residents informed of what is happening in the Village, it will also provide information to anyone that is visiting the area. The Website will include Community Information, History, 100th Anniversary Information, North Cemetery Information, Village information such as contacts, bylaw, minutes, water quality etc. and a variety of other information. Watch for more information as the site is developed and ready for use!

Also, if anyone has any information they would like to be included in there, please contact Lisa at the Village Office.

Once the site is available for use, we will also be asking that any community groups that are having a function keep us informed of them so they can be posted on the website.

CAFT Pre-Authorized Payments

Worried about forgetting to pay your water bill? Want to set up paying your taxes in monthly installments? The Village of Canwood is now able to offer pre-authorized payments for utility bills and taxes!

If you are interested in this, please come see Lisa at the Village Office and bring a void cheque.
