MAY 2019

ADMINISTRATOR'S MESSAGE

April has been a very busy month with high school report cards as well as Junior and Senior Badminton. Thank you to Mr. Person, Mrs. Hansen and Mrs. Tieszen for coaching this year's badminton programs. We have been invited to join Debden for a track meet again this year. This meet will be the lead up to the P4A track meet for our Grade 4 - 8 students. All of our students from Kindergarten to Grade 8 will travel to Debden on May 24 to participate in this fun event. Parents and grandparents are invited to attend. Our city high school track and field meet for Grade 9 - 12 students will be held on May 22 and 23. Those who qualify from this meet move on to Districts which will be held on May 29 and 30. Good luck to all participants.

Preparations are underway for "Grad 2019". This year grad will be held on May 24. The exercises will be at 7:00 p.m. in the Canwood Public School gym. Please feel free to join our graduates as they celebrate this milestone in their lives.

For the past two years our K-8 students and staff have had a focus on reading. Our school goal was to improve the reading levels of our students. We are happy to report that great improvements have been made. Next year we will shift our focus to making connections and reflecting upon the text we are reading. This is a lifelong skill that can be applied to all subject areas.

The end of the school year is quickly approaching. We ask for your assistance in encouraging your child/ren to have regular attendance, complete all assignments and final projects by the assigned due date, and to study for yearend exams. We also appreciate when you remember to use School Messenger, phone in or send us a text when your child is going to be absent. Good luck to all our farming families as they begin the seeding season. We hope you all have a safe spring and that mother nature is on your side.

-Mr. Richard Schwehr

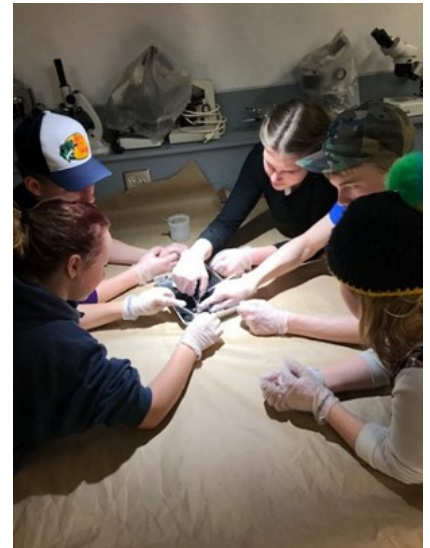

PAST EVENTS

Presentation - On March 8 we had a special visitor at Canwood School. Eddie Steele from the Saskatchewan Roughriders dropped by to share his views on bullying and bullying intervention. It was a very interesting and engaging presentation that was filled with humor and personal stories of his experiences with bullying while growing up, and as a professional athlete. The elementary and high school students were able to take part in the presentation and ask questions. Thank you Mr. Steele for visiting Canwood School!

-Mr. Greg Duval

Grade 7/8 Class Trip - From Thursday, February 28 to Friday March 1 the grade 7/8 class took a class trip to Moose Jaw and Regina. After a 5 hour drive in a charter bus, we arrived in Moose Jaw. After making a quick stop to take pictures with 'Mac the Moose' we headed to The Tunnels of Moose Jaw. We had a blast walking through the tunnels and playing along with the characters. We all got to play a role, some of us even having to do jobs! After exploring the tunnels and learning about their history, we spent a little time exploring the gift shop and then headed out, arriving in Regina shortly after. After a quick stop at a mall food court, we hopped back on the bus and drove to the Science Centre. Upon arrival we unpacked all of our things and started the evening off by watching a documentary about robots that are affecting our daily lives. After that we were free to roam around and try all the stations. Every half hour we met in the middle of the Science Centre for fun activities like dissecting a sheep's eye, going on the Gyrogym and experiments involving static electricity! By midnight we were getting ready for bed as we were feeling the effects of a long day. The next morning we packed up, hopped back on the bus and headed over to the Legislative Building where we got a wonderful tour. We talked about the history of the building and what goes on in the building, such as the laws that are made there and what the different people's jobs are in the Legislature. We were able to look at pictures and paintings, and look around one of the libraries. Again, we hopped on the bus and started our long drive back home with a bunch of funny stories, memories, facts and information. Thank you to Mr. Duval and all of the chaperones as we wouldn't have been able to do this without you!

Mr. Brian Linn, Principal

Dear Parents/Guardians,

At Canwood Public School, one of our greatest priorities is ensuring that all our students arrive safely at school each and every day.

To enhance our existing absence-checking procedure, we are introducing *a new, more efficient* student absence reporting system called *SafeArrival*. This new system will reduce the time it takes to verify student attendance, make it easy for you to report your child's absence and easy for staff to respond to unexplained student absences.

With *SafeArrival*, you are asked to report your child's absence in advance using any of these 3 convenient methods:

1. Using your mobile device, download and install the *SchoolMessenger* app from the Apple App Store or the Google Play Store (or from the links at <https://go.schoolmessenger.ca>). The first time you use the app, select Sign Up to create your account. Select Attendance then Report an Absence.
2. Use the *SafeArrival* website, <https://go.schoolmessenger.ca>. The first time you use the website, select Sign Up to create your account. Select Attendance then Report an Absence.
3. Call the toll-free number 1-833-309-1241 to report an absence using the automated phone system.

These options are available 24 hours/day, 7 days a week. Future absences can be reported at any time.

In addition, we will use the *SchoolMessenger Communicate* automated notification system to contact parents whose child is absent when the absence was not reported in advance. The automated notification system will attempt to contact parents at multiple contact points until a reason is submitted for the absence. If our system is unable to reach the designated contacts, office staff will follow up.

If you report your child's absence in advance using the *SafeArrival* toll-free number, website or mobile app, you will NOT receive these notifications.

Starting Monday, October 15, please report absences in advance using *SafeArrival* instead of sending notes or calling/emailing the school.

Starting October 15, staff will begin using the *SafeArrival* notifications to let you know if your student is absent (when you haven't reported the absence in advance).

Thank you for your patience and cooperation as we implement this new system.
